Dear Parents/Carers

### **Free School Meals**

I write further to my letter of 25 June 2020 to confirm that the Government has reviewed its position regarding supermarket vouchers for students in Years 11 and has confirmed that students in year 11 and on Free School Meals will be eligible for the COVID Summer Food Fund. This will provide you with a voucher to the value of **£75** to cover the summer holiday period. Until the end of term your vouchers will continue to be processed in the same way and you should receive the voucher for the summer holiday before the end of term.

I hope this good news provides you with some comfort but I urge you to contact the school, using the 'Contact Us' button on the school website, if you need any additional support. For families needing urgent help, please contact your local authority on **0300 500 8080** for information about the services and support available in your area.

Yours faithfully

**Mr G Dzoboku**  
**Principal**
